Subject No. 288.
Disposal of waste lands for building sites.

Summary of discussion.—Waste lands overgrown with rank vegetation may be cleared and disposed of as building sites.

Reply of Government.—Apply to the local authorities.

Subject No. 289.
Anekal water-supply.

Summary of discussion.—The feeder to the Chikkakere tank, which is the only source of water-supply to the town of Anekal, should be repaired early and cisterns built for supplying water.

Reply of Government.—The project is under consideration.

Subject No. 290.
Establishment of a poor house.

Summary of discussion.—A poor house for the support of persons without means of livelihood, and who are blind, aged, &c., may be established.

Reply of Government.—This is matter for local charity.

Subject No. 291.
Fishery in tanks.

Summary of discussion.—While the annual maintenance of all tanks devolves upon raiyats, the fishery of tanks yielding more than Rs. 300 is sold by Government. The raiyats should either be relieved of maintaining such tanks or allowed the right of fishery therein.

Reply of Government.—Vide Subject No. 231.

Subject No. 292.
Building sites in Channapatna.

Summary of discussion.—Owners of vacant building sites in the town of Channapatna should be informed that if those sites are not cleared and built upon within a limited time, they would be sold.

Reply of Government.—This is matter for the Municipal Board who are competent to levy a tax on such sites.

Subject No. 293.
Stone drains in Channapatna.

Summary of discussion.—Stone drains should be constructed throughout the Channapatna Town.

Reply of Government.—This is matter for Municipal action.

Subject No. 294.
Improvement of Kunnirkatte tank.

Summary of discussion.—The Kunnirkatte tank, which is the only source of water-supply, is silted up. A dam should be built across the feeder to prevent further silting, and the bund and waste weir should be raised and the feeder improved.

Reply of Government.—To the Deputy Commissioner for disposal.

Subject No. 295.
Silledars and additional Police for Channapatna.

Summary of discussion.—As the Police force of the Channapatna Town is inadequate and riots and affrays are of frequent occurrence, a police station with a strength of 1 dafadar and 15 constables should be provided for the petta and a dozen Sillédars permanently located to patrol the town and roads.

Reply of Government.—The subject will receive due consideration in the Police Department.

Subject No. 296.
Native and Unani dispensary for Channapatan.

Summary of discussion.—A dispensary for treatment of cases according to Native and Unani methods should be established at Channapatna by Government.
